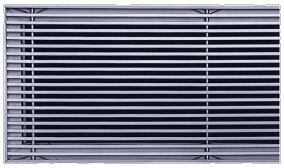
TROX® TECHNIK
The art of handling air



AF (AVAILABLE ALSO AS LINEAR GRILLE)

For floor and wall installation with perimeter front border and horizontal, fixed profiled blades.
The air discharge can either be at right angles to the grille or at an angle of 15°.
The grille core is held in place with spring clips and can be removed.
In builders work, the installation can be made using builder’s cleats.
Can also be supplied as mitred corner.
Available with various border widths
