Icon Vienna

The installation of ventilation units on large construction sites, such as the "THE ICON VIENNA" high-rise office building project right next to Vienna's main railway station, is often a challenge - as shown by the spectacular photos of the installation.

Microsoft Headquarters Munich

For the architects and building planners, the new nature of working presents a special challenge. The workplace of the future or "smart workspace" is everywhere in this light atrium building with staggered structures. Accordingly, a pleasant climate with optimal infrastructure must be created in all areas for the approximately 1,900 employees.
